SC Series – Mobile Wash Skid
Adjustable flow

Hot / Cold Water – Self Contained: Diesel Heated, Diesel Engine

The **SC Series, AF models** offer the most versatile hot water pressure washers on the market today. Each skid allows the operator to vary the flow of the machine and reliably handle a two-gun set-up. The system is engineered to uniquely balance 1 or 2 gun operations. This series is powered by industrial engines, hi torque–low RPM belt driven pumps and a burner system with a 2.9Kw generator, providing clean, reliable 115V power for sustained burner operation. Simply add the second gun/hose kit (part# AVG53) if needed for second operator.

Rail yard, train station and subway cleaning & washing

Cleaning Solutions for Transportation

Featuring:

- ✓ **Rugged “Protect-It” Frame** can be truck or trailer mounted or pulled/towed with the optional wheel kit, incl. front panel extension
