## 30gpm Portable Water Vacuum and Transfer

Capture and transfer up to 2000 gallons of water per hour with the compact RPT vacuum system. Features a powerful, industrial 2-stage vacuum motor. Heavy duty pump transfers wastewater up to 100' away while vacuuming continues...no need to stop and dump the collection tank. It is ideal for interior and exterior facilities maintenance contractors who need to collect wash water or for restoration contractors who need to pick up large volumes of water after a fire or flood.

<b>POWER REQUIREMENTS</b>	Requires: 120v / 15 amp or 3500w generator
<b>POWER CORD</b>	35' GFCI power cord included
<b>HOPPER</b>	Polyethylene, Cylinder tank, 28 gallon capacity
