

Hot / Cold Water – Self Contained: Diesel Heated, Diesel Engine with 12v burner system

The **SC Series** is a high output hot mobile wash skid with serious cleaning power. It is designed to withstand the daily use by professionals who rely on its dependability to make a living. Its high impact power enables it to handle just about any size cleaning task with ease. If portability is needed add a wheel kit, mount on a trailer, truck bed, or tank skid. Equipped with a heavy-duty diesel engine and V-belt driven pump this machine delivers exceptional water flow and high pressure creating a powerful and efficient cleaning system. The 12v diesel fired burner, adjustable temperature and large capacity fuel tank provide extended run times and a variety of application choices. The SC40006D12 incorporates unique features requested by professionals and is the equipment of choice by operators and maintenance personnel at oilrigs and refineries, shipyards and marinas. Simply add the second gun/hose kit (part# AVG53) if needed for second operator.
