

## COLD (HOT\*) POWER WASHER: ELECTRIC POWERED – Stationary or Portable

The **CW Series** is a unique washer with hot water inlet capabilities that saves you time and money. Pressure clean thoroughly using your existing hot-water supply\*, up to 160°F standard or up to 190°F with an optional seal kit. The CW's versatile design allows it to be wall-mounted, floor mounted or portable depending on the cleaning task or application. The auto on/off feature allows you to clean with just one squeeze of the spray gun – no traveling back and forth to the unit to adjust the pressure or turn switches. The heavy-duty industrial components, stainless steel frame/cover and, belt driven pump provide a lifetime of continuous performance.

| WHEELS               | Optional wheel/handle kit available   |                 |                    |                 |
| DIMENSIONS (LxWxH)   | 28" x 21" x 14" (Dim with wheel kit: 39" x 29 1/2" x 36")                           |                 |                    |                 |
| NET WEIGHT           | 150#  | 155#            | 160#               | 160#            |

Specifications subject to change without notification and may vary due to ambient conditions.

\* accepts water from hot water heater or other hot water source

### Featuring:

- ✓ **Removable cover** for easy access and serviceability.
- ✓ **Unique integrated wall mount design** frees up valuable floor space
- ✓ **Cat V-belt driven pump** for long lasting performance
- ✓ **Auto ON/Off** with time delay shutdown saves time & effort.

### Options...

Hot seal kit (HH3CP), Multi station outlets (ACW20), Wall Mount Brackets Sideways Mount (ACW09), Wall mount hose reels (AR187-3000psi or AR188-5000psi), Wheel/handle kit (AHS15), 24 volt remote start/stop with 50' cord (AEN35)
